About

IEEE

IEEE is the world's largest professional non-profit organization dedicated to advancing technology for the benefit of humanity. With more than 423,000 members including nearly 117,000 student members across 160 countries around the world,

It inspires the global community to innovate a better tomorrow by creating an environment where its members learn, interact, collaborate and innovate the world-changing technologies.

IEEE and its members inspire a global community to innovate for a better tomorrow through highly cited publications, conferences, technology standards, and professional and educational activities. IEEE is the trusted "voice" for engineering, computing, and technology information around the globe.

About

# IEEE Kerala Section

IEEE Kerala Section has been organizing high quality, high impact technical events including several international conferences in the recent past. The Humanitarian Technology initiative (which later led to formation of SIGHT), the first ever IEEE Job Fair for Undergraduate Students, the formation of LINK (Local Integrated network of Kerala)

The vibrancy of IEEE Kerala Section is at pioneering front. Well supported by the different AGs – Young Professionals. WIE and Life Members, they form the backbone of some of the major activities in the Section. The presence of 15 Technical Societies add a technical focus to the community and provide them with a dimensional focus.

About

# IEEE Kerala Young Professionals AG

IEEE Kerala Young Professionals is a team of passionate IEEE volunteers who are in the early stages of their professional career. The team has made revolutionary contributions to the growth of IEEE Young Professionals in Kerala and has consistently strived to empower Young Professionals activities in India and South Asia by collaborating with fellow affinity groups in the Region 10.

Over the years, our main focus was on helping the different sections of the society by providing technical and mentoring support. IEEE Kerala Young Professionals is also credited for being the pioneers of “Joy of Volunteering” campaign, thereby, promoting ethical volunteering in IEEE community.

# Core Values of **IKYP**

## Mission

Inspiring and equipping our members to become stronger leaders, more successful professionals, and more conscientious citizens

## Vision

A Community of Young, Innovative Professionals becoming Future Technology Leaders

# Initiatives under **IKYP**

## **IEEE Job Fair**

One of the most prestigious events of IEEE Kerala Section started in 2017 that is determined to serve the goal of creating opportunities for engineering students and graduates. The ultimate platform for companies to choose their successors from the largest talent pool in Kerala. Aimed at refining the nest of the lot, it broadens opportunities for undergrad students, graduates and professionals alike to take a giant leap towards their lucrative career.

We have structured this event in such a manner that we ensure that the candidates are trained and prepared for the interviews with our pre-events like Career guidance training and workshops. Till date, more than 300 companies participated in the job fair and more than 1000 candidates were successful in receiving placement offers.

## **ieee-rescue.in**

IEEE Volunteers with the support of the state run Kerala IT Mission, developed a portal [keralarescue.in](http://keralarescue.in) to collect help across the state. The Chief Minister of Kerala released it as the official online portal for the state's rescue mission.

About 2000 people were working day and night to improve and maintain the rescue portal. Engineers around the world worked from different time zones to ensure development and maintenance round the clock. A total of 1,363,704 people visited the website and 45,587 requests were posted through the portal. [1\\_KERALA\\_RESCUE\\_DOCUMENTATION.pdf \(ieeekerala.org\)](#) (clickable)

## **EMERGE 2020**

Emerge 2020 is an online virtual summit hosted by IEEE Kerala Young Professionals For all people out there looking to make a difference. A chance to listen to distinguished speakers from various domains. The registration amount collected 100 Percent of the event profit will be donated to Chief Ministers Distress Relief Fund(CMDRF), Kerala. The event was awarded the Best Section Professional Award for the year 2020.

## **Interns Team- IKS INT**

IKS Interns Team was born with the introduction of a new initiative by IEEE Kerala Section to select a group of resourceful interns to its Electronic Communications Coordination team. Conceived from an idea aimed at training and mentoring a selected number of students and transforming them into valuable volunteers determined to work for the betterment of the Section. The team was awarded the Global IEEE MGA Award for their Innovative work named as MinT

## Global Outreach Initiative

This long-term initiative is to bridge the gap between students and professionals irrespective of their IEEE section. IEEE being a global organization with several events conducted locally as well as globally, this initiative was proposed to provide a platform to interact with Senior/Industry leaders or members from other IEEE sections to exchange cultural values, technical ideas and professional experiences.

Thus we are connecting with IEEE sections beyond our borders using IEEE as a platform to provide global exposure to students as well as young professionals. Institute organizes Global Outreach Initiative to explore diverse cultures - National Accord Newspaper. [\(clickable\)](#)

## Digital Outreach - YP Talks

Similar to the Global Outreach program, this initiative is focused on young professionals to share their work experience, domain expertise and benefits of being an IEEE Young professional. More than 100+ YP talks were conducted among numerous student branches across Kerala.
